

Parenting Journey I and ***Parenting Journey for Fathers***

Groups beginning in January

Parenting Journey I is a supporting, strengths-based group for parents and caregivers. Over the course of 12 weeks we will help you to become more **confident** in your parenting style and more **hopeful and optimistic** about your future and the future of your children.

- Foster healthy family relationships.
- Find support in other parents. Learn from others who have traveled the same road.
- Learn to deal with everyday stressors and challenging situations.

Parenting Journey for Fathers follows the same format at Parenting Journey I but is held in a father-friendly, fathers-only environment.
