Parenting Journey programs are designed to help parents and caregivers increase their confidence and resilience while laying the groundwork for strong family relationships.

Parenting Journey for Fathers | PROGRAM

In Parenting Journey for Fathers, a small group of parents and caregivers meet for 2 hours a week for 12 weeks. The program includes activities, discussions, a family-style meal, and complimentary childcare.

Fathers have a lot to contribute to their child’s lives. Modeled after Parenting Journey I, the father-friendly setting in Parenting for Fathers creates a sense of support and comfort among fathers and father-figures. Resulting in a safe space, participants open up about doubts, fears, and other emotions that can often be challenging in a co-ed group. This program helps fathers and father figures improve their relationships with their children and family while becoming the men and dads they aspire to be.
